

POHLED OD JIHU.

This architectural section drawing illustrates a building's internal structure. On the left, a thick wall is rendered with a stone masonry pattern. A circular window with a cross-hatch design is set into this wall. To the right of the stone wall, a staircase with vertical balusters leads upwards. The ceiling above the staircase is vaulted, featuring a semi-circular window. The roofline is depicted with a series of parallel lines, suggesting a gabled or vaulted structure. The drawing is a technical line drawing on a light-colored background.
