

Technical drawing of a three-story building facade. The drawing includes a side elevation and a cross-section view.

Side Elevation Dimensions (Left):

- Total height: 3400
- Top floor height: 185
- Second floor height: 400
- Third floor height: 520
- Ground floor height: 1070
- Bottom section height: 30
- Section line B-B is located at the bottom of the ground floor.

Side Elevation Dimensions (Right):

- Top floor height: 185
- Second floor height: 400
- Third floor height: 520
- Ground floor height: 1135
- Bottom section height: 30
- Section line A-A is located at the top of the third floor.

Cross-section View (Top):

- Total width: 910
- Left side width: 30
- Inner left side width: 50
- Inner right side width: 50
- Right side width: 30
- Section line A-A is located at the top of the section.
- Section line B-B is located at the bottom of the section.

Technical drawing of a three-compartment metal cabinet. The drawing shows a side view with dimensions in millimeters. The overall height is 1200 mm, and the overall width is 2135 mm. The cabinet has three compartments, each with a door and a handle. The doors are made of perforated metal. The compartments are separated by vertical dividers. The bottom of the cabinet is mounted on a base. The dimensions are as follows:

- Overall height: 1200 mm
- Overall width: 2135 mm
- Compartment height: 700 mm
- Compartment width: 700 mm
- Door height: 230 mm
- Door width: 150 mm
- Base height: 200 mm
