

Technical cross-section drawing of a roof structure. The drawing shows a concrete slab (Vodočetná lať - svistá) with a sloped drainage channel (Vodočetná lať - šikmá) and a layer of expanded polystyrene (Vzduchoplňný polystol) below it. The total width is 9200 mm, and the total height is 2350 mm. A dimension of 1630 mm is indicated for the sloped channel. A red label points to the 'Ultrasvukový snímač vč. konzole a radiálního krytu' (ultrasonic sensor with console and radial cover).
