

Technical drawing of a rectangular structure, likely a floor plan or a cross-section of a building. The drawing includes dimensions and labels for various components.

Dimensions:

- Overall width: 3070 (left side) and 3090 (right side).
- Overall height: 2780 (left side) and 2780 (right side).
- Internal width segments (from left to right): 200, 80, 775, 80, 775, 80, 775, 80, 775, 80, 775, 80, 200.
- Internal height segments (from top to bottom): 410, 150, 150, 2780, 140, 2780, 140, 160, 360.
- Internal width segments (from top to bottom): 50, 150, 80, 140, 140, 140, 100.

Labels:

- P**: Located on the left and right sides, pointing to the outer boundary.
- Q**: Located at the top and bottom, pointing to the inner boundary.
- 10**: Located at the bottom right, pointing to the inner boundary.
- 100**: Located at the bottom right, pointing to the inner boundary.
- 140**: Located at the bottom right, pointing to the inner boundary.
- 160**: Located at the bottom right, pointing to the inner boundary.
- 360**: Located at the bottom right, pointing to the inner boundary.

The drawing shows a complex arrangement of lines and dimensions, indicating a detailed architectural or engineering plan. A central rectangular area is highlighted with a hatched pattern, possibly representing a specific material or structural element.

Technical drawing of a cross-section of a building floor slab. The drawing shows a concrete slab with a central vertical channel. Dimensions include a total width of 80 and 140, and a central channel width of 140. Elevation markers show +7.950 and +7.430. The slab is supported by walls on the left and right, and a base structure below.

Technical drawing of a wall cross-section. The drawing shows a vertical wall with various layers and dimensions. Key features include:

- Elevations:**
 - Top left: +7.950
 - Top right: +7.575
 - Bottom left: +7.430
 - Bottom right: +7.300
- Dimensions (mm):**
 - Top left: 140
 - Top right: 100
 - Bottom left: 80
 - Bottom right: 140
 - Bottom right: 140
 - Bottom right: 140
 - Bottom right: 160
 - Bottom right: 150
 - Bottom right: 50
- Materials:**
 - Insulation: Represented by a cross-hatched pattern.
 - Structural layers: Represented by solid black lines.
 - Reinforcement: Represented by a diagonal hatched pattern.
- Annotations:**
 - Arrows pointing to specific layers and dimensions.
 - Labels for elevations and dimensions.
